

SILAC Product Specific Training - Agent Onboarding:

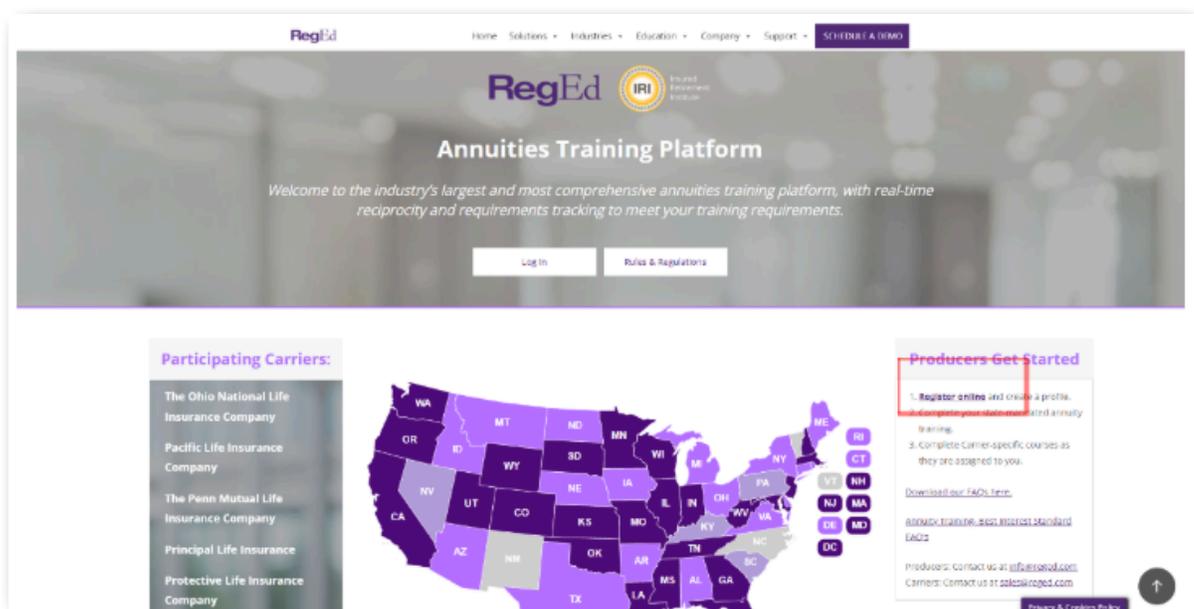

Step 1:

Click the [RegEd link](#) from the Sircon Agent Onboarding Page, this will open a new tab in your browser.

1. If you have previously established a record with RegEd, please select "Log In" and enter your credentials.

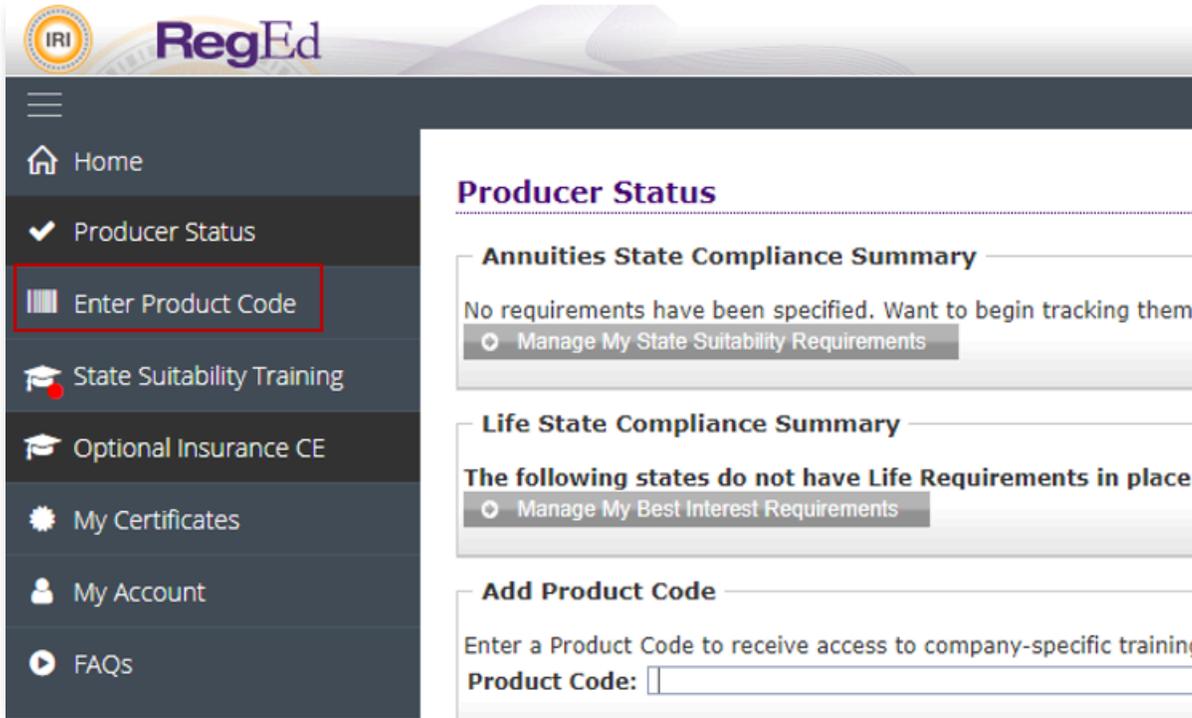

1. If you have NOT previously established a record with RegEd, please click the "Register Online" link under Producers Get Started as shown and complete the registration process:

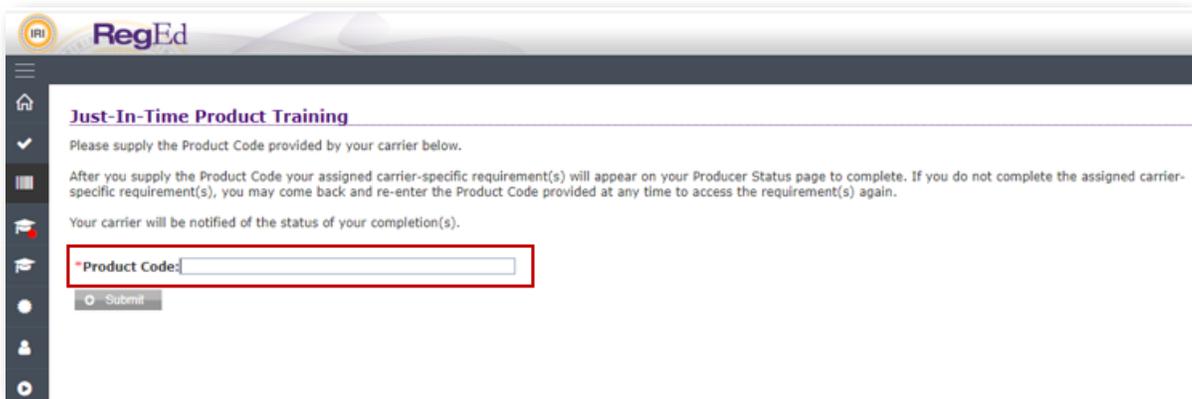

Step 2:

From the RegEd home screen, please select "Enter Product Code."

Step 3:

Please enter the Just-In-Time Product Training codes provided from the SILAC Producer Express Onboarding Page in the area indicated below and complete the required Product Specific Training(s):

JIT CODES:

- SSavings

- SSElite
- Denali
- Evolve
- Teton
- TetonElev
- Teton5
- Vega

Denali & Evolve:

*For agents that have already completed Denali product training, you only need to complete the **Evolve** training.*

*For new agents: a new **Denali** product training is available that covers Denali, Denali Bonus, and Evolve.*

Teton, Teton 5-year & Elevation:

If you completed Teton training prior to 8/21/2023 and have NOT completed Elevation training, you have 2 options:

- 1. Complete **TetonElev** AND **Teton5** courses. TetonElev is focused on the Elevation and Elevation Plus product enhancements. Teton5 is focused on key product features associated with Teton 5 and Teton Bonus 5.*
- 2. Complete **Teton**. The Teton course includes Teton, Elevation and 5-year product training in one training course.*

*If you completed Teton training and have completed TetonElev training, you only need to complete **Teton5** in order to solicit Teton 5 or Teton Bonus 5.*

*If you have not completed any product trainings associated with the Teton line, then you can complete the **Teton** course. The Teton course includes Teton, Elevation, and 5-year product training in one training course.*

Step 4:

Once all training is completed, please return to the SILAC Producer Express Onboarding Page to complete the contracting process.
